CHALET LACUZON

Dear guests,

we are delighted to welcome you in our chalet and hope you will enjoy this week in the mountains with your friends and family .

Chalets Lacuzon is a family story.

Our parents fell in love with the Belleville valley and more particularly the village of Bettaix 40 years ago.

At that time there was no chairlift in the village and the ski area was much smaller.

They liked the region so much that they decided to settle down and we had the chance to grow up in the middle of these beautiful mountains.

We have chosen to follow in our parents' footsteps and that's why we built the Chalets Lacuzon to welcome guests to this magnificent valley. .

We sincerely hope that you will feel comfortable in our chalet and enjoy the authentic charm of the village of Bettaix as well as its location in the heart of the 3 valleys ski area.

Have a great stay!

Katia and Cédric Perret
